

EXCELLENCE IN FORMING

HISTORY

SINCE 1966

DAVI is the world largest manufacturer of heavy duty plate rolls, heavy duty angle rolls, high productivity lines and customized rolling machines in terms of sales volume, employees, production, assets, rating.

DAVI history is focused on learning and achieving the best skills in bending process. Today, DAVI machines are designed using the **most advanced 3D CAD** and submitted to **FEM analysis** to improve their strength and sturdiness.

The design of the machines is constantly improved, tested and applied to plate and angle roll production.

HEADQUARTER ITALY

DAVI headquarter is located in **the most high-tech region of Italy** and consists of offices, **R&D department**, workshops and **logistic & quality control center**

SUBSIDIARIES UNITED STATES & CHINA

Worldwide presence, including **subsidiaries in United States and China** and a global sales & service network with **over 100 highly qualified dealers**

Small size plate roll

Engineering dept and R&D

Heavy duty angle roll and mid size plate roll

ALWAYS ON TIME

PRODUCTION

300
MACHINES

per year

Since many years,
the most sold in the market.

IMMEDIATE
DELIVERY

100
MACHINES

ready for immediate delivery

All in our workshops, even those for
heavy industries.

DAVI

Made in Italy

SUPPLY CHAIN

100% Made in Italy

The best suppliers for every product (all ISO certified)

Utmost quality control

DAVI

PLATE ROLLS

DAVI manufactures the widest range of plate rolls: 3 and 4 rolls.

For plates from 2 to 6m width and from 6 to 400mm thickness... and more!

DAVI

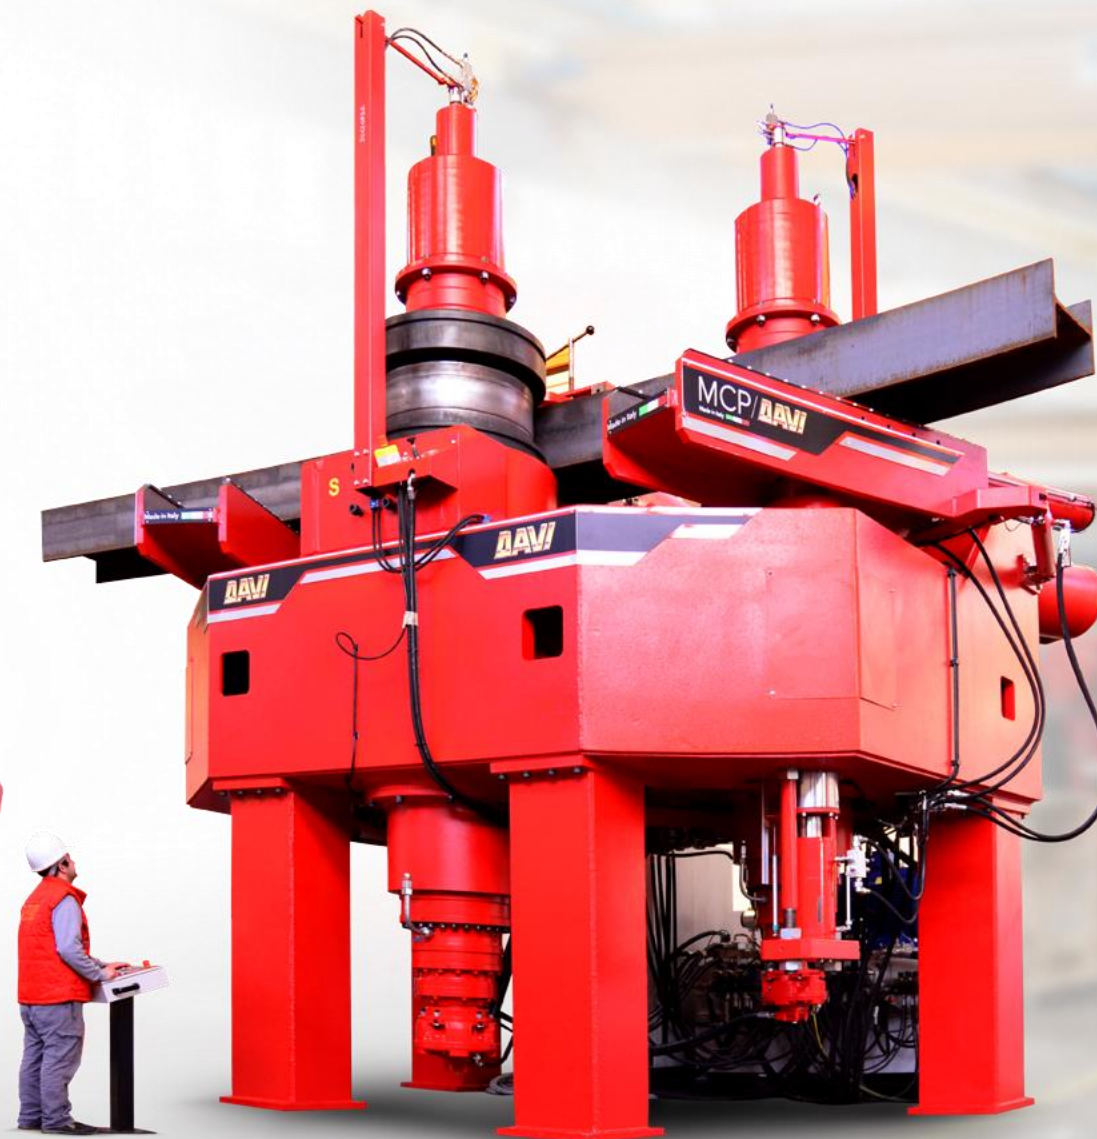

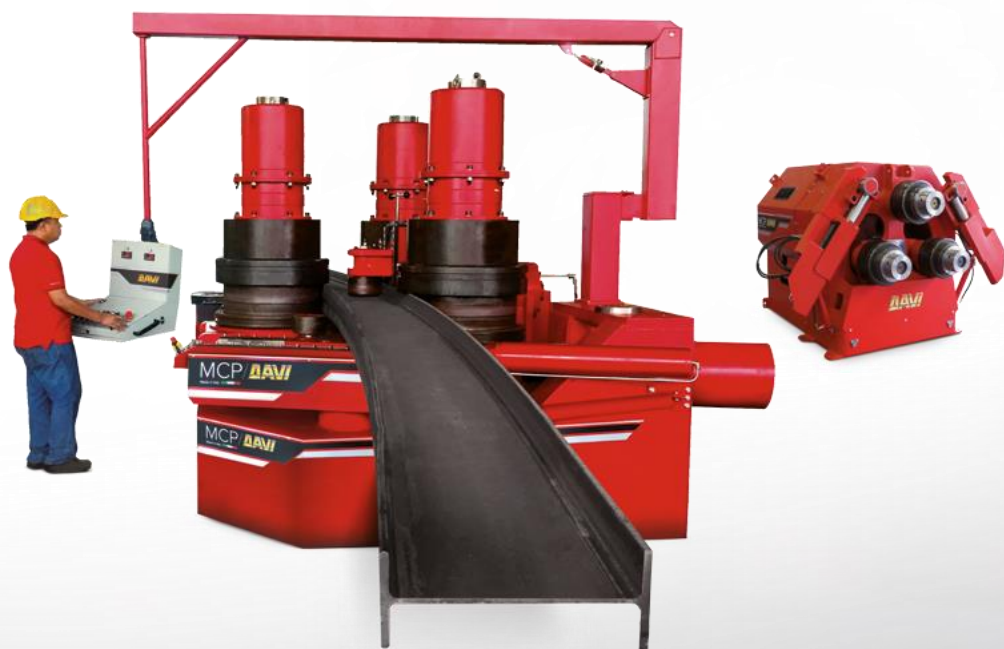

ANGLE ROLLS

DAVI manufactures the widest range of angle rolls.

Beams up to 1,200mm height

Pipes up to 800mm diameter

Flanges up to 600x200mm on edge

Made in Italy

HIGH PRODUCTIVITY

WIND ENERGY LINES

(PATENTED)

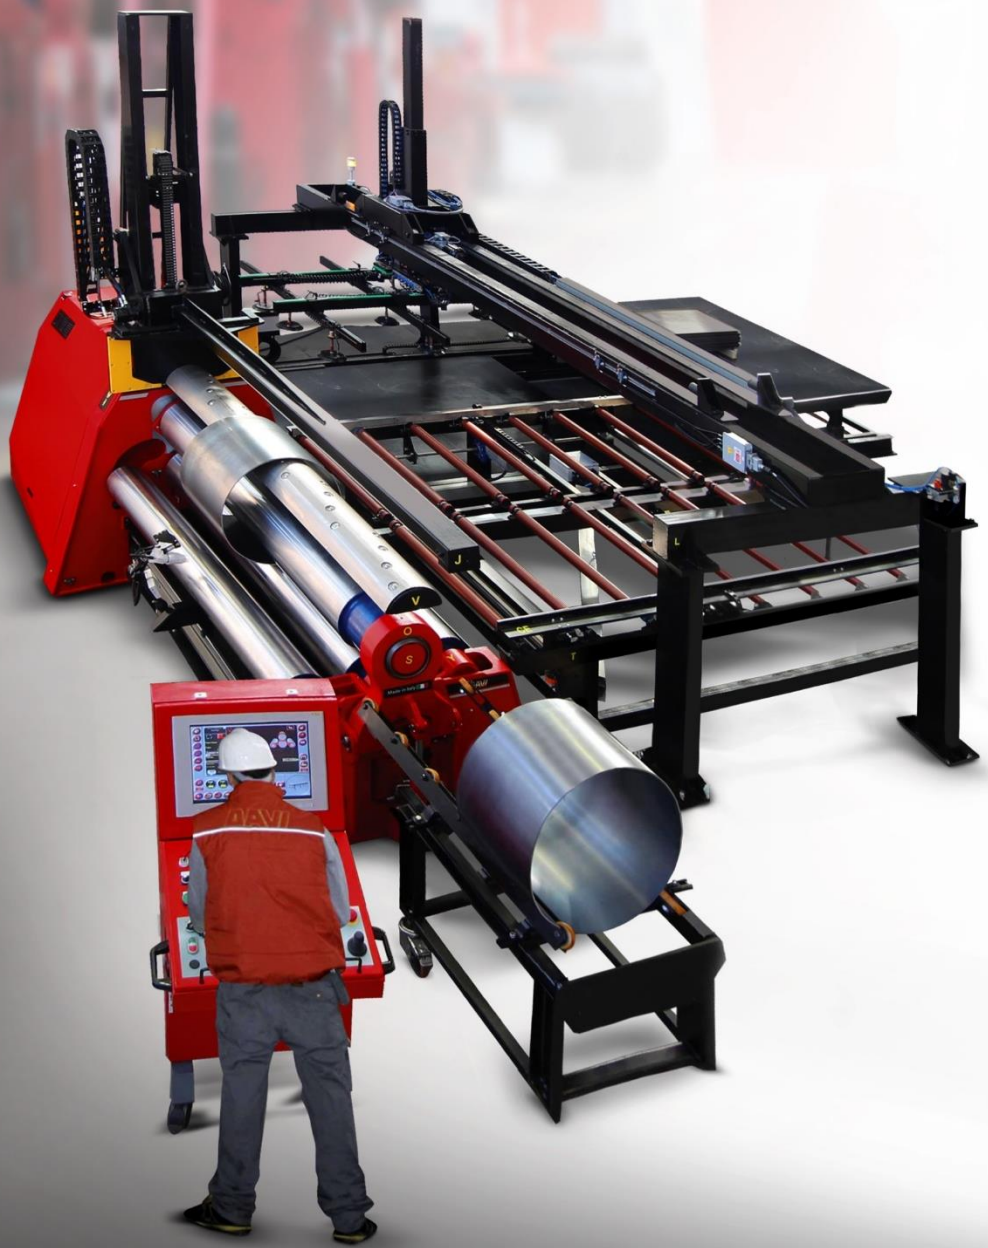

More than 250 lines for towers, foundations, tripods, monopiles and transition pieces are operating worldwide through the world leaders and major players.

From 10-30 to 80-150mm thickness and from 2 to 12m diameter... and more!

DAVI

Made in Italy

HIGH PRODUCTIVITY LINES

High productivity automatic
4 roll & robotic lines.

From 1 to 6m width and from 2 to 15mm
thickness.

CUSTOMIZED MACHINES

Tank trailers
Vertical plate rolls
Aircraft

Aerospace
Shipyard
Pipe mills

From 6 to 24m width... and beyond!

ASSISTED ROLLING SUPPORT

Also for those who
don't roll
automatically.

Following the new
industry 4.0 standards,
we have designed the
most productive solution
to work in automatic
mode. A state-of-the-art
automation that is also
user-friendly and
intuitive to operate
manually.

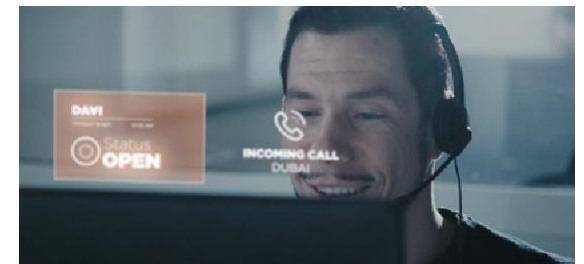

CUSTOMER SUPPORT REMOTE

Remote connection is fundamental to immediately solve any kind of issue.

Our highly professional and specialized team is ready to connect remotely with every part of the world in order to reduce downtime.

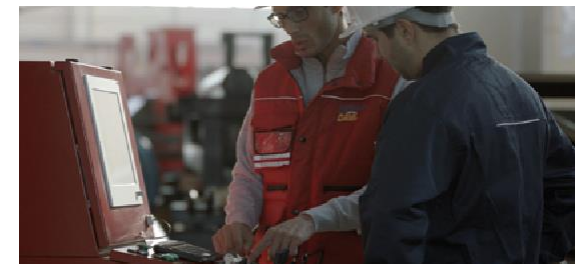

REAL TIME CONNECTION

CUSTOMER SUPPORT ON SITE

Our dedicated team can help with **on site intervention**, on machines of both DAVI and all other main brands.

Our technicians are always available to assist for **installation, commissioning, training and preventive maintenance** in every corner of the five continents.

ON SITE SUPPORT

DAVI

ENGINEERING EVERYDAY CHALLENGES

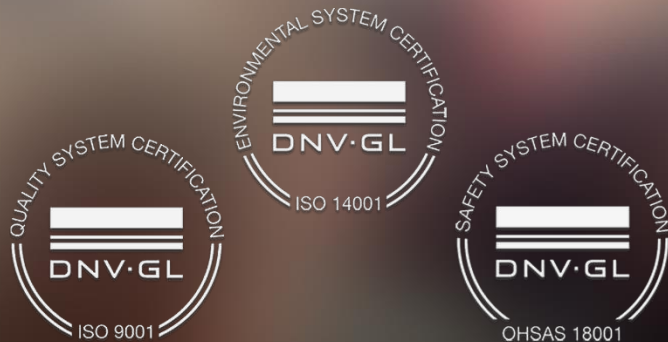

The DAVI Research & Development division can help by designing custom **made solutions** based on customers' needs.

DAVI

CERTIFICATIONS

OF QUALITY ISO 9001,
ENVIRONMENT ISO 14001
AND SAFETY OHSAS 18001

Constantly verified and certified by DNV

FINANCIAL STRENGTH

DAVI HAS BEEN GIVEN MAXIMUM
COMMERCIAL RELIABILITY BY D&B

Since many years, DAVI has been rated
'Prime Company' by Dun&Bradstreet

DEDICATED SEMINARS AND TRAINING

As a leader in research, development and innovation and as holder of the **highest number of patents in the rolling industry**, DAVI promotes knowledge on the latest industry technical solutions. With **dedicated seminars for customers and training for the internal team**, DAVI is always at the forefront in the market.
